Laborers for the Planters.

HAVING JUST RETURNED FROM Japan, where I have been in the interests of the labor supply for our plantations, I am prepared to furnish any number of laborers under the only practicable plan yet put forth.

MY PLAN as set forth in the prospectus of Ogura & Co. requires the planters to pay the passage money of the laborer to this place and other expenses after arrival, \$25.00 passage money for each male and \$20.00 for each female.

After investigation of the subject I am satisfied that it is the only plan by which laborers can be recruited for this place and be reasonably sure of obtaining them.

I most respectfully request that your orders be placed with me as soon as possible in order to secure the approval of the authorities here and to enable me to have the laborers recruited quickly.

MME YALE'S HAIR TONIC

LADIES AND GENTLEMEN: It affords me great pleasure to call the attention of the public to my Yale's Hair Tonic, which is the first and only remedy known to chemistry which positively turns gray hair back to its original color without dye. I personally indorse its action and give the public my solemn guarantee that it has been tested in every conceivable way, and has proved itself the only Hair Specific. It stops hair-falling immediately and creates a luxuriant growth. Contains no injurious ingredient. It is not sticky or greasy; on the contrary, it makes the hair soft, youthful, fluffy, keeps it in curl and removes dandruff. For gentlemen and ladies with hair a little gray, streaked gray, entirely gray and with BALD HEADS, it is specially recommended.

All druggists. Price \$1; also Yale's Skin Food, \$1.50; Yale's Complexion Cream, \$1; Yale's Face Powder, 50c; Yale's Beauty Soap.
